**NASHOBA SKI AREA BEACH CLOSED
DUE TO UNACCEPTABLE BACTERIOLOGICAL RESULTS**

Please be advised that as a result of laboratory testing obtained early this afternoon (5/31/2012), the Westford Board of Health (BOH) has had to close Nashoba Ski Area's Function Beach (next to the Tiki Bar) due to an unacceptable level of bacteria. The BOH has confirmed that the beach has been posted **CLOSED** and has taken & delivered an additional sample to the laboratory for analysis. The results of the re-sampling are expected back from the laboratory by late tomorrow afternoon (Friday 6/1/2012). The beach must remain closed until subsequent testing deems the water within acceptable limits (again, as confirmed by the laboratory).

A re-opening notice will be sent via this notification system and it will also be posted on the BOH web page under Beach Testing. Should you have any questions or concerns, please call the Health Department at (978) 692 5509.

Thank you.
