Subject: Kira circle and Douglas Rd

External !<<https://westfordma.gov/External-Banner-Explanation>>

Hello

I have attached some pictures my property 11 Douglas Rd.

When we first heard of this project we interpreted the communication as a question not a vote.

We thought that the road would be paved and the existing sidewalk would be paved.

We did not expect the sidewalk to be ripped up and filled with low grade dirt and grass seed. My mailbox moved and cracked. My garden on each side of my driveway now in the middle of the lawn.

I would like to see the sidewalk back to the original form at the least. I would not be apposed to the raise curb either.

The attached pictures will show tire tracks running over the new grass and the broken Mailbox along with the end of our driveway.

Thank you

Habosian Family
